

Lützelflüh, Switzerland
January 2020

Dear Friends of Waldhaus Center,

As you may have heard, we are at a moment of change at our Seminar Center. Christiane and Michael Wenzl, who have carried the responsibility as Waldhaus' Managers for the past thirty years, have decided to step back and place the Center's management into other hands as of the end of 2021.

Waldhaus has established an excellent reputation well beyond Switzerland. It offers a uniquely qualified team, with long years of experience in hosting and supporting programs dedicated to the precious work on consciousness and inner growth.

The intention of the Waldhaus Foundation is to continue to host seminar programs. At the moment it is the priority for the Board of Trustees to transform the Waldhaus Center into a community-based and self-governed organisation (towards a sociocratic model). This requires people who are ready and willing to bring their creativity and know-how into involvement and working together in teams.

It is also imaginable for the Foundation Board that qualified persons can take responsibility for certain management functions and building together a new leadership team.

Today we are reaching out to you with an invitation to evaluate your interest in participating in the continuation of Waldhaus and perhaps to become a part of the Waldhaus team.

It remains to be seen whether Waldhaus Seminar Center will continue to operate under the roof of the existing Waldhaus Foundation or whether a new sponsorship or group of stakeholders will take over responsibility.

It may also be possible to purchase ownership of Waldhaus property in order to continue operating it as a Seminar Center.

It is the heart-felt wish of both the Board of Trustees of the Waldhaus Foundation and the Management group of the Symposia AG (owner of the Waldhaus property) to creatively find a solution that will enable the continuation of this successful seminar venue.

Let yourself be inspired. We are open to any creative impulses and are looking forward to your feedback and proposals. Please send your email to: stiftung@waldhaus.ch. In the middle of March, the Foundation Board will have a chance for a first-review of incoming proposals and applications.

With best regards,

*For Waldhaus Foundation Trustees:
Dr. Pierre Joset*

*For Symposia AG:
Michael Wenzl*
