

Lützelflüh, 10th September, 2021

Dear friends of the Waldhaus

We are very glad that our Waldhaus doors can be open for you. We generally adhere to the protection concepts of Hotellerie Suisse and Gastro Suisse. Our protection concept in accordance with the rules for the hospitality industry under Covid-19 enables us to offer you a safe and relaxed environment for your stay with us. We have adapted it to the new rules that will apply from 13 September 2021.

Our concern - especially during this time - is to offer you a safe space in which you can meet yourself and others with an open heart. We are happy if you experience your time here as nourishing and strengthening for your physical and spiritual well-being and if you find it easy to engage with the course content on offer. A great concern of ours is a mindful and relaxed approach to the Covid-19 rules.

If you have any questions, please contact us by e-mail or telephone.
Lots of love and see you soon!

Anveshi Botschen
Administration

The essential measures of our protection concept are:

- All participants must show a Covid certificate valid in Switzerland, proof of vaccination or a negative Covid test (PCR max. 72, Antigen max. 48 hours) when checking in. This means that the distance rules and mask requirement in the course room do not apply. The tests must be repeated every 48 hours during the seminar (not applicable for groups of less than 30 people). **Please make an appointment well in advance** by calling Apotheke-Sumiswald.ch, phone +41 34 431 43 43.
- In all publicly accessible rooms and in the dining room, masks are still obligatory and a distance of 1.5 m applies. At the dining table, the mask can be removed while seated.
- Those who have a certificate (mask dispensation) need to show it when checking in so that the Waldhaus is informed.
- In case of fever, cough or contact with persons suffering from COVID-19, stay at home or inform the Waldhaus team immediately.
- We keep contact lists to ensure traceability in case of illness.
- There are sufficient disinfectant dispensers available at the important places, all frequently used surfaces as well as the sanitary facilities are regularly disinfected by us.
- Please keep a sufficient distance, at least 1.5 m, from the moment you arrive.
- During breaks, please keep a sufficient distance of at least 1.5 m.
- Plexiglas screens are installed at the reception and the buffet, and waiting lines on the floor. Please be sure to disinfect your hands before eating and before using the coffee/tea machine.
- Before the start of an event, we will inform you again here on site in detail about the current measures.

We inform our guests about the following points in accordance with BAG regulations:

- The possible shortfall of the required distance and the associated increased risk of infection.
- The possibility of contact by the competent cantonal authority and its competence to order quarantine if there have been contacts with persons infected with Covid-19.
